Final Funds Release Order!!

In consideration of the legislative/legal resolution reached by the World Governing Bodies: The IMF, United Nations Organization, World Bank Group, United States Government, British Government and the European Union Commission Committee on Financial and Allied Matters following series of complaints and petitions received from the office of the European Union Police Commission, The FBI and The INTERPOL respectively over the non-payment of foreign beneficiaries' payments as at when due. This adhoc committee on fact-finding and foreign payment was subsequently inaugurated to help release immediately all the outstanding payments that had received proper approvals and endorsements from the various agencies/offices but was delayed due to the non-chalant attitudes of those at the helm of affairs.

From the records of outstanding beneficiaries due for payment with the various Government Agencies, your name was discovered as next on the list of beneficiaries whose files showed sufficient proves to receive their overdue payment but was marred by various fees imposed on them by their so-called representatives especially bank officials who ended up in ripping them off their savings instead of discharging their duties diligently and also divert their approved funds to several untraceable bank accounts without due consent of the original benefactors.
